## FORM CM-1

## Name of Applicant:

The applicant must provide in the form below a list of all owned or leased plant and equipment expected to be available to his firm for this project:

| Plant and Equipment |             |                        |          |                    |                  |
|---------------------|-------------|------------------------|----------|--------------------|------------------|
| Item                | Description | Make / Model<br>/ Year | Capacity | Owned or<br>Leased | Current Location |
|                     |             |                        |          |                    |                  |
|                     |             |                        |          |                    |                  |
|                     |             |                        |          |                    |                  |
|                     |             |                        |          |                    |                  |
|                     |             |                        |          |                    |                  |
|                     |             |                        |          |                    |                  |
|                     |             |                        |          |                    |                  |
|                     |             |                        |          |                    |                  |
|                     |             |                        |          |                    |                  |
|                     |             |                        |          |                    |                  |
|                     |             |                        |          |                    |                  |
|                     |             |                        |          |                    |                  |
|                     |             |                        |          |                    |                  |
|                     |             |                        |          |                    |                  |
|                     |             |                        |          |                    |                  |
