QUESTIONS & ANSWERS

ITB #2022B062 Addendum #3, dated November 3, 2022

1. QUESTION: How does the Port of Anchorage want us to BID the trade-in?

After Speaking with my Milestone Rep, based on the provided SLC#, the system's Expert Care+ license is not up to date and thus not eligible for a 100% trade-in value on Base and Device Licenses from XP Expert to XP Corporate. They are only eligible for a reduced trade-in value which will add more to the total cost of the project. If the Port would like to receive 100% trade-in value from Milestone, they will have to bring the current systems Care+ up to date and amend the ITB# to include those part numbers.

ANSWER: The Port of Alaska Milestone licenses will stand as with no change.
