REQUEST FOR PROPOSAL

RFP 2022P048

Public Alert and Warning System

ADDENDUM NO. 1

Please make the following changes to the subject project.

1. Questions and Answers

Where any requirements of the Request for Proposal conflict with an item in an Addendum, the Addendum shall govern.

All other terms and conditions of the Request for Proposal shall remain unchanged and in full force and effect.

This addendum and other documents related to this project are available by visiting the Purchasing office website at:

<http://www.muni.org/Departments/purchasing/Pages/bidding.aspx>

If you have previously submitted a response to this project and wish to have it returned, please email that request to wwpur@muni.org

All other terms and conditions remain unchanged.

Sincerely,

Chris Hunter

Chris Hunter
Deputy Purchasing Director

Questions and Answers:

- 1) Section 3.1, question 2 on page 7 references an IPAWS compliance video, but I do not see any additional information surrounding this requirement. Can you please specify the requirements?**

This is an optional item: The original referenced video has been removed from FEMA IPAWS website.

- 2) Can you clarify for voice and text messages, Does MOA intend to use this system for messaging for anything other than “Emergency Messages”? Drills, staffing polls, road closures weather etc... all would fall under emergency messages. If there will be non-emergency messages can you provide a estimate of Emergency vs Operational messages?**

We do not anticipate non-emergency messages being sent through this system.

- 3) Is there a cost estimate or budget for this project?**

Yes
