Responses to Bidders' Questions

1. Question: For Project C: E 74th Ave/Nancy St/E 75th Ave Road Reconstruction, the project description on the [Public Works Webpage](#) describes that the "Survey and geotechnical investigation completed" under the "Status Comments". Is this accurate, and can the data and findings be provided?

Response: Correct. PM&E previously completed the geotechnical investigation/report (Shannon & Wilson, Dec 2021) and the topographic surveying and base mapping (R&M, Sept 2021). These items are included as an attachment to this addendum. The intention is for the selected A/E to use this existing information.

2. Question: If Survey and Geotechnical Investigation have already been completed for Project C, will they still be included in the Scope of Professional Services for the project?

Response: No.

Where any requirements of the Invitation to Bid are in conflict with an item in an Addendum, the Addendum shall govern.

All other terms and conditions of the Invitation to Bid shall remain unchanged and in full force and effect.
