Cost Worksheet

2022P047

Using the table below, please provide a sample cost for your company to complete the following hypothetical task:

Provide assistance to GDIC in developing a new enterprise feature class for maintaining information on MOA-operated stoplights and other signals. This task will require a minimal amount of spatial ETL scripting and also development of field apps for MOA staff to use upon completion.

Category	#/hours	\$/hr	Subtotal
GIS Technician (or comparable)	64		
GIS Analyst (or comparable)	120		
Administrative (or comparable)	5		
Project Manager (or comparable)	5		
Total Cost
