**INVITATION TO BID**

# MUNICIPALITY OF ANCHORAGE PURCHASING DEPARTMENT

## Invitation to Bid No. 2026C027

Sealed bids will be received in accordance with the time schedule shown below by the Municipality of Anchorage at the Purchasing Department, 632 W. 6th Ave., Suite 520, Anchorage, Alaska 99501, or through Bid Express, for:

### **Northern Lights Boulevard Sound Barrier Fence**

Project Consists of but is not limited to:

Consisting of approximately 510 L.F. of fence removal and temporary fencing; 587 L.F. of sound barrier fence; 105 L.F. of tree protection zone fencing; 3 trellis structures; landscaping and related work.

ESTIMATED CONSTRUCTION COST: **Between: \$500,000 - \$1,000,000**

<b>Site Visit:</b>	<b>N/A</b>
<b>Pre-Bid Conference:</b>	<b>N/A</b>
<b>Questions Due:</b>	<b>12 PM Local Time, June 2, 2026</b>
<b>Bid Opening:</b>	<b>2 PM Local Time, June 11, 2026</b>

**All Pre-Bid Conferences and/or Bid Openings may be attended in person or via conference call at this number (907) 343-6089. You may call in five (5) minutes before any scheduled conference. FAXED OR EMAILED BIDS WILL NOT BE ACCEPTED.**

**ALL QUESTIONS SHALL BE SUBMITTED PRIOR TO THE QUESTION DUE DATE THIS WILL BE THE FINAL OPPORTUNITY TO ASK QUESTIONS OR REQUEST CLARIFICATIONS.**

Questions and requests for interpretation or clarification of the bidding Documents shall be made in writing to the Purchasing Office ([wwpur@muni.org](mailto:wwpur@muni.org)). Please reference the Invitation to Bid Number & Project Title. Do not contact the specified department directly.

Bid documents are available electronically at the MOA Purchasing Department's web page at [Purchasing](#) and at [BidExpress](#). Addenda will be posted within the solicitation at BidExpress and on the web page.

Electronic bids **will be not be** accepted through Bid Express at this time. The only method for submission is paper bids. Bids will be submitted in a sealed envelope addressed to the MOA Purchasing Department, 632 W. 6th Avenue, Suite 520, Anchorage, AK 99501 and will include the following, clearly and legibly written/typed on the outside of the envelope:

a. Bidder's Name (as indicated on Business License), Address, City, State, and Zip Code

b. Invitation to Bid #, Invitation to Bid Title and Buyer's Name.

To maintain the project schedule, Interpretations, corrections, or changes to the Bidding Documents shall be made by Addendum and shall not be binding unless included in the Addendum. It is your responsibility to periodically check for addenda posted on BidExpress or the Municipality bidding web site.

At the above indicated time, the bids will be opened publicly and read. Bids shall be submitted to the Municipal Purchasing Department in a sealed envelope prior to the time of opening specified in the Invitation to Bid for opening of the bids to be considered. Late Bids shall not be considered. Time of receipt will be as determined by the time stamp in the Purchasing Office.

The Municipality reserves the right to reject any and all Bids, and to waive any informalities and irregularities in Bidding.

The Municipality shall not be responsible for bid preparation costs, nor for costs, including attorney fees, associated with any (administrative, judicial or otherwise) challenge to the determination of the lowest responsive and responsible bidder and/or award of contract, and/or rejection of bids. By submitting a bid, each bidder agrees to be bound in this respect and waives all claims to such costs and fees.

Unless otherwise stated in the Bidding Documents, the Contract, if awarded, shall be awarded to the responsible Bidder who submits the lowest responsive Bid.

The Municipality of Anchorage assumes no responsibility for any interpretations or presentations made by any of its officers or agents unless such interpretations or presentations are made by written addendum to this Invitation to Bid.

Bonding Requirements are per MASS/MASS B or as per special provisions.

**MUNICIPALITY OF ANCHORAGE  
PROJECT MANAGEMENT AND ENGINEERING DEPARTMENT**

**NORTHERN LIGHTS BOULEVARD SOUND BARRIER FENCE  
22-30**

**SPECIAL PROVISIONS**

**SECTION 95.01 LOCATION AND SCOPE**

All proposed Work is located within the Municipality of Anchorage corporate limits and is more particularly located on the south side of E. Northern Lights Boulevard between Princeton Way and Drake Drive. The Work included under this Contract consists of furnishing all labor, materials, equipment, supervision, and other facilities necessary to successfully complete the Work set forth in the Drawings and Specifications. The Work included under this Contract consists of, but is not limited to:

- Furnishing and installing a sound barrier fence as shown on the Drawings.
- Removing existing fencing, installing temporary fencing, installing tree protection zone fencing, and installing new fence extensions as shown on the Drawings.
- Furnishing and installing trellis structures as shown on the Drawings.
- Furnishing and installing landscaping as shown on the Drawings.

It is the responsibility of the bidder to prepare the bid so that all materials and/or fittings shall harmoniously conform to the intent of the Contract Drawings, Specifications, and Special Provisions.

Below is the schedule of Work that is presented in the Bid Proposal of this Contract:

**SCHEDULE DESCRIPTION**

- A. Sound Barrier Segment No. 2 – Sta. 50+00 to Sta. 55+87 Base Bid

**SECTION 95.02 REFERENCE TO MUNICIPALITY OF ANCHORAGE STANDARD SPECIFICATIONS**

This Contract is subject to and hereby incorporates by reference the Municipality of Anchorage Standard Specifications, dated 2024, hereinafter referred to as M.A.S.S.; the 2015 Alaska Sign Design Specifications (ASDS) as adopted and amended by the Municipality; the 2016 Alaska Traffic Manual (ATM); the Manual on Uniform Traffic Control Devices (MUTCD) 2009 Edition; the 2017 National Electrical Safety Code (NESC); the 2020 National Electrical Code as amended and adopted by the Municipality of Anchorage; the most current edition of the American Association of State Highway and Transportation Officials (AASHTO) Specifications for Structural Supports for Highway Signs, Luminaires and Traffic Signals as referenced in the appropriate divisions; and the Public Rights-of-Way

Accessibility Guidelines (PROWAG). These references are intended to be complementary, but if conflicts exist between the references listed above, the more stringent requirement shall govern, unless directed otherwise by the Engineer.

**SECTION 95.03      TIME OF COMPLETION**

This Project shall be Substantially Completed within sixty (60) calendar days after the Notice-to-Proceed is issued. The Contract Completion date shall be achieved within ten (10) calendar days after the Substantial Completion letter is issued. The total contract days for this Project is seventy (70).

**SECTION 95.04      MODIFICATIONS AND/OR ADDITIONS TO MUNICIPALITY OF ANCHORAGE STANDARD SPECIFICATIONS**

The following listed provisions of M.A.S.S. are amended as hereinafter stated:

**A. DIVISION 10 STANDARD GENERAL PROVISIONS**

*Add the following Section:*

**SECTION 10.00 ALL APPLICABLE M.A.S.S. ARTICLES**

Delete all references to and requirements for compliance with Anchorage Municipal Code Chapter 7.60 the Disadvantaged/Women Owned Business (DBE/WBE) program and specifications.

**SECTION 10.02 BIDDING REQUIREMENTS AND CONDITIONS**

**Article 2.3 Preparation and Submission of Bids**

*Replace the first paragraph with the following:*

Bids shall be submitted according to the instructions in the Invitation to Bid.

**SECTION 10.03 AWARD AND EXECUTION OF CONTRACT**

**Article 3.2 Receipt and Opening of Bids**

*Replace the second paragraph with the following:*

Modification of bids already submitted shall be considered if received by the Purchasing Officer prior to the time of bid opening fixed in the Invitation to Bid. Modifications of paper bids shall not reveal the amount of the original or revised bid. Modifications shall state a plus or minus to the affected bid item.

**SECTION 10.04 SCOPE OF WORK**

**Article 4.8 Work Incidental to the Contract**

*Add the following items which shall be incidental to the cost of the Contract:*

13. Installation of flexible delineators at the end of culverts, ends of retaining walls, field inlets, and other locations that may be hazardous or should be delineated for snow removal operations as determined by the Engineer.
14. Repair of existing infrastructure that are damaged by Contractor.
15. Relocating existing sheds as required to facilitate sound barrier fence construction. Coordinate with Engineer and property owner for removal of shed contents prior to relocating.
16. All Work required to shore existing light poles/luminaires/utility poles and existing utilities to be protected in place.
17. Protecting existing trees and vegetation except those trees and vegetation identified and approved by Engineer for removal.
18. Furnishing and installing new fence extensions from existing fences to the new sound barrier fence.

## **Article 4.17 Utilities**

*Add the following paragraph:*

The Contractor shall download and follow the most current construction guidelines published by ENSTAR. Those guidelines can be downloaded from:

<https://www.enstarnaturalgas.com/safety-education/natural-gas-safety/safety-for-excavators-contractors/>

*(Click on the link in the last sentence of the first paragraph.)*

The Final Rule from the PHMSA website can be obtained from:

<https://www.phmsa.dot.gov/pipeline/excavator-final-rule/about-excavation-enforcement-final-rule>

*Click on the “Final Rule on Excavation Damage 80 FR 43836” link under Related Links.*

### **4. Electrical and Telecommunications**

*Add the following paragraph:*

The Contractor shall download and follow the most current construction guidelines published by CEA. Those guidelines can be downloaded from:

<https://www.chugachelectric.com/services/construction-and-engineering>

*Click on the link titled “Facility Clearance Requirements” under Additional Information.*

*Replace the list of Utility Companies After Item 5 with the following:*

The following contact information is provided as a courtesy to the Contractor and is the most current list available.

Alaska Communication Systems (ACS) – William McKechnie, 564-1526 or 230-4175

Anchorage Water & Wastewater Utility (AWWU) – Jeff Hurd, 786-5526

AT&T – Mike Barsalou, 264-7325

Chugach Electric Association (CEA) – Jake Moe, 762-4720

ENSTAR Natural Gas – [engineering@enstarnaturalgas.com](mailto:engineering@enstarnaturalgas.com)

GCI – [ospdesign@gci.com](mailto:ospdesign@gci.com)

Municipal Street and Storm Drain Maintenance – Eric Hodgson, 343-8100

Municipal Street Light Maintenance – Eric Armagost, 343-8417

Municipal Traffic Signals Section – Levi Piehl, 343-8363

Solid Waste Services (SWS) – James Armstrong, 343-6279

Alaska Waste – Josh James, 688-4446

## **Article 4.22 Project Information Signs**

*Add the following:*

Contractor shall install two (2) project information sign(s).

## **SECTION 10.05 CONTROL OF WORK**

### **Article 5.2 Prosecution of Work**

*Add the following paragraphs:*

Upon the start of earth disturbing activities that impacts the public, the Contractor may not pause, suspend, or slow the Work to address other Contractor obligations outside of this Contract, unless the Contractor restores the Work site, removes all equipment, materials, and receives approval from the Engineer.

The Contractor is to create a work plan per Section 10.05 Article 5.34 that minimizes traffic and public use disruptions.

### **Article 5.27 Liquidated Damages**

*Add the following paragraph:*

The Owner may withhold from any progress payment the sum of Five Hundred Dollars (\$500.00) per day as Liquidated Damages for each and every calendar day that the Substantial Completion Date is delayed beyond Contract Completion Date. The Owner may withhold out of any progress payment the sum of Five Hundred Dollars (\$500.00) per day as Liquidated Damages for each and every calendar day that the Final Acceptance Date is delayed beyond the Contract Completion Date. If no money is due Contractor, the Owner will have the right to recover said sums from Contractor, the Surety, or both.

*Add the following Article:*

### **Article 5.34 Work Plan**

Contractor shall prepare a Work Plan. Approval of which is required by the Engineer prior to beginning construction. The Work Plan shall minimize the overall area of construction activities at any given time for the following reasons:

- To minimize disruption of traffic for local residents and other Contractors working in the area.
- To minimize disruption to the use of back yards and side yards by local residents.
- To minimize dust, sediment and erosion generated.
- To minimize overall construction noise.

Contractor shall submit a project Work Plan for approval by the Engineer within ten (10) calendar days after signature of the Contract. Contractor shall coordinate the Work Plan with the Traffic Control Plan (see Section 85.05) and SWPPP Plan (see Section 20.02). Work shall not proceed until the Engineer has approved, in writing,

the Work Plan. The Work Plan shall include estimated dates of completion for each Work phase.

Unless specifically paid for in a bid item, no separate payment shall be made for the Work described in this Article and all Work required to provide an approved Work Plan is incidental to the Contract. The Work Plan shall be updated as the work progresses.

If requested by the Owner, the Contractor (superintendent & project manager) shall attend and participate in weekly progress/coordination meetings with the Owner. Contractor shall submit an updated schedule of work anticipated within the next two weeks at the weekly progress/coordination meetings. Preparation, attendance, and participation in the meetings are incidental to the Contract and no separate payment shall be made.

At a minimum, the Work Plan shall include the following requirements:

- Conference with the Engineer and Contractor's Arborist to review tree protection procedures and responsibilities per Section 75.14.
- Only short term closures (less than 2 hours) of the pathway on the south side of E. Northern Lights Boulevard will be allowed.
- Contractor shall provide and maintain access to all adjacent properties and side streets in accordance with Sections 10.04.10 and 10.04.12.
- Contractor shall provide proper notification to adjacent residents of impending construction activities. Contractor shall provide residents with contact name(s) and phone number(s) for Contractor personnel with responsibility to inform and coordinate with residents. The Contractor shall give written notice to adjacent residents 48 hours in advance of removing their existing fence, installing temporary fencing, or installing the new sound barrier fence adjacent to their property.

## **SECTION 10.06      LEGAL RELATIONS AND RESPONSIBILITIES**

### **Article 6.1      Laws to be Observed**

*Add the following paragraph:*

This Contract is funded (in part or in its entirety) by the State of Alaska; therefore, the provisions of Alaska Statute (AS) 36.15, Alaska Product Preferences, apply. Only timber, lumber, and manufactured lumber products originating from local forests within the State of Alaska shall be used wherever practicable.

## **SECTION 10.07 MEASUREMENT AND PAYMENT**

*Add the following Article:*

### **Article 7.0 Payments to Contractors and Subcontractors**

This Contract is funded (in part or in its entirety) by the State of Alaska; therefore, the Provisions of Alaska Statute 36, Section 36.90, Article 3, entitled "Public Construction Contract Payment," apply.

**B. DIVISION 20 STANDARD CONSTRUCTION SPECIFICATIONS FOR EARTHWORK**

**SECTION 20.04 CLEARING & GRUBBING**

**Article 4.2 Construction**

*Add the following paragraphs:*

Assuming the Notice-to-Proceed is issued to the Contractor on or before April 22, 2026, the Contractor shall perform all the tree clearing required for the project by April 30, 2026 while still adhering to all the requirements of the Migratory Bird Treaty Act of 1918. Tree clearing shall consist of removing all parts of trees and shrubs above the snow line. Grubbing, including removing stumps and roots shall be completed by the Contractor and can be performed after April 30, 2026.

Clearing shall be restricted to only what is necessary for the sound barrier fence construction and landscaping installation. After the site has been staked for clearing limits including staking the sound barrier fence alignment, the clearing limits shall be field verified jointly by the Engineer and the Contractor per Section 75.14. No clearing shall begin until written approval for the clearing limits is given by the Engineer. Written approval for clearing will not be provided in advance of joint field verification of clearing limits. The Contractor shall clearly delineate the approved clearing limits with tree protection zone fencing per Section 75.14 or temporary fencing per Section 70.09 as shown on the Drawings. Clearing of trees shall be kept to a minimum practical area within the approved limits. The Engineer reserves the right to adjust clearing limits by up to eight feet to save trees or adjust the sound barrier fence alignment to save trees. Any changes to the sound barrier fence alignment or clearing limits shall be considered incidental to the Contract and no separate payment shall be made. The Contractor shall provide the Engineer with a minimum of 24 hours' notice after approval of the clearing limits and installation of the tree protection zone fencing and temporary fencing, and prior to commencing tree clearing. Clearing operations shall not be commenced or continued in the absence of the Engineer.

Trees not scheduled for clearing shall be limbed where required to construct the sound barrier fence. No separate payment shall be made for tree limbing.

All trees cut within the clearing limits shall be felled and dropped into the areas where clearing is to occur. Trees shall not be felled into areas outside the clearing limits. All trees and brush shall be disposed of off-site.

**SECTION 20.11 GRADING EXISTING SURFACES**

**Article 11.3 Measurement**

*Delete this Article in its entirety and replace it with the following:*

Grading and compaction of existing surfaces as shown on the Drawings or as necessary to maintain positive drainage patterns shall be considered incidental to the contract and no separate measurement for payment shall be made.

**C. DIVISION 70 STANDARD CONSTRUCTION SPECIFICATIONS  
MISCELLANEOUS**

*Add the following New Sections:*

**SECTION 70.08 SOUND BARRIER FENCE**

**Article 8.1 General**

The Work under this Section consists of furnishing and installing a sound barrier fence, including posts, foundations, concrete, lumber, wood fascia boards, stringers, top plate, paint, trim board, blocking, nails, fasteners, brackets, and all miscellaneous materials, and all required connections at the locations shown on the Drawings or as directed by the Engineer.

**Article 8.2 Materials**

**A. Lumber:**

1. Storage and Protection: Protect against exposure to weather and contact with damp or wet surfaces; store inside whenever possible.
2. Grading Rules: Standard grading and dressing rules of the West Coast Lumber Inspection Bureau or the Western Wood Procuts Association. Each piece of yard and structural lumber shall be official grade mark of the appropriate bureau or association. Provide seasoned dimension lumber with 19% maximum moisture content at time of dressing.
3. Stringers, Blocking & Spacers: All stringers, blocking, and spacers shall be Douglas-Fir No. 2 or better and shall have a minimum lateral load capacity of 600 lbs per square inch.
4. All top plates and trim board shall be Cedar, WRCLA Grade Custom Knotty, No Hole, S1S2E.
5. Fascia Boards: All fascia boards shall be Cedar, WRCLA Grade Custom Knotty, No Hole, S1S2E, Texture: Saw Textured unless otherwise shown on schedule. Thickness shall be a minimum of 9/16".
6. Plywood: Plywood shall be APA Rated C-C plugged exterior grade compatible for long-term exposure to weather.
7. Preservative Pressure Treatment: All stringers and any wood in direct contact with the ground shall be pressure treated with Alkaline Copper Quaternary (ACQ) preservative. Pressure treatment shall be in accordance with AWWPA standards UC4A and have retention of 0.40 pounds per cubic foot. A certificate of treatment shall be submitted to the Engineer for approval prior to approval of timbers for use on the project.
8. After treatment, wood shall be clean, of natural color and finish, non-corrosive, water repellent, paintable, odorless, dry, and non-staining.
9. Finishes: All exposed wood surfaces shall receive one coat of 100% acrylic latex paint. Use WeatherOne Solid Hide Stain, by Cloverdale

Paint or approved equal. Paint shall match paint on existing sound barrier along the northern side of E. Northern Lights Boulevard. Use WeatherOne color CA200, Cardigan, Cascadia Color Collection, 72301 – Deep.

**B. Steel Posts**

Steel tube posts shall be high strength tubular steel, ASTM A-500 Grade B or better. Steel posts shall be galvanized. Any damage to the galvanized surfaces that occurs during shipping, or during the construction process, shall be repainted in accordance with M.A.S.S. Section 80.16, Article 16.3 or Article 16.4, as appropriate, prior to final acceptance of the sound barrier.

**C. Hardware**

Hardware as defined on the Drawings shall be furnished as necessary and shall be of proper size to hold members securely in place. All bolts, washers, angles, brackets, lags, nails or other fasteners shall be hot-dip galvanized.

**D. Concrete**

Concrete materials shall meet the requirements of M.A.S.S. Division 30.00 Portland Cement Concrete – Section 30.01 General. Class of concrete shall be A-3 in accordance with MASS.

**Article 8.3 Construction**

The sound barrier fence shall be constructed in locations as shown on the Drawings and per the details on the Drawings. Contractor shall submit for approval by the Engineer the proposed method of construction for the sound barrier fence posts, including excavation for the posts, placement of the posts, and placement of any concrete fill.

Construction of the sound barrier fence will require relocating sheds on private property as shown on the Drawings or as required in the field. Contractor shall notify property owner a minimum of ten (10) calendar days prior to relocation of shed and ask them to remove items from within their shed prior to relocation. Shed shall be set back in the existing location upon completion and acceptance from Engineer of the installed sound barrier fence. Any damage to the shed shall be corrected at the Contractor's expense. Repairs shall incorporate materials that match the existing construction.

Construction of the sound barrier fence shall be in accordance with the following:

**A. Sound Barrier Fence Alignment**

Prior to any construction operations, Contractor shall stake the sound barrier fence alignment and the clearing limits per Section 20.04.

**B. Grading**

Clearing and grubbing of trees, brush and other obstacles which would interfere with the construction of the barrier shall be restricted to only what

is necessary for sound barrier fence construction. Clearing and Grubbing shall meet the requirements of Section 20.04 Clearing and Grubbing.

The barrier shall be constructed in such a manner as to follow a smooth profile. Where excavation is necessary to meet this requirement, natural surface vegetation shall be removed prior to placing fill material. The top of the fill shall be level for one foot (1') on either side of the sound barrier fence line and the shoulder slopes shall be two to one (2 horizontal to 1 vertical) unless otherwise shown on the Drawings. Grading for all specific conditions shall not allow water to pond in front of or across the sound fence barrier line.

#### C. Posts – Placement and Installation

1. Install steel tube posts of the sizes and embedment depths shown on the Drawings, as required for the specified sound barrier fence height.
2. Install steel tube posts in either driven foundations or auger-drilled holes. All posts installed in auger-drilled holes shall be set in Portland Cement Concrete footings. The tops of the footings shall be level with the ground, shall be crowned to provide drainage and shall be troweled smooth. The footings shall be allowed to cure for a period of at least seven (7) days before attaching stringers. The native material removed from auger-drilled holes shall be disposed of by the Contractor at a disposal site per Division 10, Section 10.04, Article 4.9 – Disposal Sites.
3. The post shall be vertical and shall be of uniform and equal height above the ground as shown on the Drawings with a maximum horizontal spacing of ten feet (10') on center.
4. Certain work must be performed within minimum clearances of electrical lines and shall be performed under the direct supervision of qualified persons trained and certified in electrical outside linework and approved by the affected utility.

#### D. General Appearance

Framing, nailing, and bolting shall conform to Section 2510 of the Uniform Building Code and as indicated on the Drawings. All material shall fit properly and be securely fastened. All work shall be plumb, level, and true to line, close fitting. Provide washers under the heads of bolts where bearing on wood. Install fasteners as required to properly secure woodwork furnished under this section in its proper position. Tighten nuts and bolts when installed and again immediately before concealing with further construction or upon completion of work.

#### E. Furnish and Install Fencing and Connection to Existing Fencing

Furnish and install fencing and connect existing private fencing to the sound barrier fence when the existing fence terminates within 10 feet of the sound barrier fence. The new fence shall be the same height as the existing fence. Fence materials shall match, as nearly as practicable, the type and quality

of the existing fence materials and shall be installed with concrete post foundations in accordance with MASS Detail 75-12. If any new materials require painting, they shall be painted to match the existing fence materials as nearly as possible.

**F. Painting Sound Barrier Fence Surfaces**

Paint all exposed sound barrier fence surfaces using brush application as recommended by the manufacturer. Prepare surfaces as per manufacturer's instructions. Once surfaces have been properly prepared, apply minimum 2'x2' square color test on the new sound barrier fence and separately on a 2'x2' test piece of wood that can be physically moved for comparison to existing sound barrier fence on north side of E. Northern Lights Boulevard, for Engineer approval prior to painting any other surfaces. Allow test surface to dry completely prior to Engineer review. Paint surfaces prior to installation of trees and shrubs.

**Article 8.4 Measurement**

All materials, equipment, and labor as required to complete this Work item shall be measured per linear foot of sound barrier fence furnished and installed to the height shown on the Drawings, constructed and accepted in place and shall include steel posts, foundations, concrete, hardware, lumber, footings, paint, painting, grading, finishing, and all other miscellaneous materials required to complete the Work as described in this Section or shown on the Drawings. Measurements shall be made horizontally from end to end, including end posts.

No separate measurement for payment shall be made for furnishing and installing new fencing for connecting existing fencing to the sound barrier fence, relocating sheds, native material removal from augur-drilled holes and disposal of native material as these items are incidental to this pay item.

Furnishing and installing Classified Fill and Backfill (Type II-A) material for grading as shown on the Drawings or as required during construction shall be incidental to this pay item and no separate payment shall be made.

**Article 8.5 Basis of Payment**

Payment for this work shall be in accordance with Division 10, Section 10.07 – Measurement and Payment, and shall include full payment for all Work described in this Section.

Payment shall be made under the following unit:

ITEM	UNIT
Furnish and Install Sound Barrier Fence	Linear Foot

## **SECTION 70.09      TEMPORARY FENCING**

### **Article 9.1      General**

The Work covered under this Section shall consist of all operations, labor, equipment, and materials pertaining to furnishing, installing, and removing temporary fencing at properties where existing fencing has been removed as indicated on the Drawings, or as required to complete construction activities. Temporary fencing will also be used to delineate the clearing limits along properties with existing fence per Section 20.04.

### **Article 9.2      Materials**

Temporary fencing shall be six (6) feet in height and consist of new or previously used chain-link fencing materials in good condition. Posts shall be galvanized steel pipe of diameter to provide rigidity and be suitable for anchoring with base plates or inserting in precast concrete blocks. Fabric shall be woven galvanized steel wire mesh provided in continuous lengths and wire tied to prefabricated pipe-framed fence panels. Gates shall be fabricated of the same material used for fencing and be capable of manual operation by one person. Gates shall be lockable.

### **Article 9.3      Construction**

Temporary fencing shall be installed at locations where existing fencing has been removed or in locations as shown on the Drawings. Fencing shall extend the full width of the property including along the sides of the property where necessary and prevent ingress and egress of personnel and animals through, under or around the fence. Temporary fence shall be installed immediately outside the construction area within 12-hours of removal of existing fences and for delineating the clearing limits per Section 20.04. Temporary fencing shall remain in place until the sound barrier fence is installed and approved by the Engineer.

### **Article 9.4      Measurement**

All work described in this Section pertaining to the furnishing, installing, maintaining, coordinating, and removing Temporary Fencing including gates shall be measured for payment per linear foot of temporary fence or gates installed. There shall be no additional payment made for relocating temporary fencing or gates on the same property during construction as may be necessary to accommodate construction activities or to facilitate property use by the property owner.

### **Article 9.5      Basis of Payment**

Payment of this Work shall be in accordance with MASS, Division 10 Standard General Provisions, Section 10.07 Measurement and Payment as amended in these specifications and shall include full payment for all Work as described in this Section.

Payment shall be made under the following unit:

ITEM

UNIT

**SECTION 70.10 TRELLIS STRUCTURE****Article 10.1 General****A. Scope of Work**

The work under this Section includes but is not limited to all labor, materials, transportation, testing, and maintenance necessary to furnish and install Trellis Structures as shown on the Drawings. The Contractor shall recognize that the Trellis Structures will require overview by the Engineer during construction on a routine basis throughout the fabrication process. The Engineer shall not be responsible for the Contractor's means, methods, techniques, sequences for procedure of construction, or the safety precautions and the programs incident thereto (nor shall observation visits to the site include inspection of these items).

**B. Utility Coordination**

The Contractor is responsible for the verification of all existing utilities or requesting locates of underground utility lines.

**C. Definitions**

Structural Steel: Elements of structural-steel frame, as classified by American Institute of Steel Construction's (AISC's) "Code of Standard Practice for Steel Buildings and Bridges," that support design loads.

**D. Submittals**

The Contractor shall provide submittals for all metal fabrications and supplementary structural items in accordance with MASS Section 10.05, Shop Drawings, and as specified in this section.

1. Shop Drawings: Show fabrication of structural-steel components.
  - a. Include details of cuts, connections, splices, camber, holes, and other pertinent data.
  - b. Indicate welds by standard American Welding Society (AWS) symbols, distinguishing between shop and field welds, and show size, length, and type of each weld.
  - c. Indicate type, size, and length of bolts, distinguishing between shop and field bolts.
1. Welding certificates.
2. Sample of finishes (4" x 4" min).
3. One complete Trellis Structure including decorative screen prior to manufacture of the remainder of screens. The decorative screen on the Trellis Structure shall include steel tube framing, wire mesh, and powder coated paint with specified color. The decorative screen may become part of finish work if accepted by the Project Engineer.

#### E. Quality Assurance

1. Welding: Qualify procedures and personnel according to AWS D1.1, "Structural Welding Code – Steel."
2. Comply with applicable provisions of the following specifications and documents:
  - a. AISC's "Code of Standard Practice for Steel Buildings and Bridges."
  - b. AISC's "Specification for Structural Steel Buildings – Allowable Stress Design and Plastic Design."
  - c. AISC's "Specification for the Design of Steel Hollow Structural Sections."

#### F. Delivery, Storage, and Handling

Store materials to permit easy access for inspection and identification. Keep steel members off ground and spaced by using pallets or other supports and spacers. Protect steel members and packaged materials from erosion and deterioration.

1. Store fasteners in a protected place. Clean and relubricate bolts and nuts that become dry or rusty before use.
2. Do not store materials on structure in a manner that might cause distortion, damage, or overload to members or supporting structures. Repair or replace damaged materials or structures as directed.

#### G. Coordination

Furnish anchorage items to be embedded in or attached to other construction without delaying the Work. Provide setting diagrams, sheet metal templates, instructions, and directions for installation.

### **Article 10.2 Materials**

#### A. Structural-Steel Materials:

1. Plates: ASTM A709 Grade 36
2. Tubes: ASTM A500 Grade B
3. Welding Electrodes: Comply with AWS requirements.

#### B. Wood Members:

Wood members shall consist of Douglas Fir with specified sizes for structural lumber of Trellis Structure. Sizes and dimensions are to be as shown on drawings. Cedar planking will be attached to Douglas Fir structural wood members with size and dimensions of Cedar planking as shown on drawings.

#### C. Wire Mesh:

The wire mesh shall be made of 6 gauge, 1 ½" square wire mesh, welded, not woven.

D. Bolts, Connectors, and Anchors:

1. Stainless Steel Bolts, Nuts and Washers – ASTM F593, Alloy Group 1, Condition SH.
2. Stainless Steel Masonry Anchors – ASTM F593, Alloy Group 1, Condition SH.
3. Anchor Bolts – ASTM A36 or A307, Grade A, Galvanized.

E. Paint:

1. Powder coating shall be applied through a seven-step process to provide an acceptable finish:
  - a. Abrasive blast to SSPC10, with a surface profile of no greater than 1.5 mils.
  - b. Iron phosphate treatment to etch surfaces and remove foreign material.
  - c. Rinse with clear water.
  - d. No-chrome seal rinse.
  - e. Oven drying surfaces prior to powder coating.
  - f. Apply powder coat base of zinc rich epoxy primer electrostatically and cure partially.
  - g. Apply final surface finish of polyester powder electrostatically to a thickness of 3 mils and bake to proper cure schedule.
2. All decorative screens, base plates, column caps, and attachment brackets (Steel to wood connectors) shall be powder coated with Tiger Drylac Polyester TGIC RAL 9017, product # 49/80550, Traffic Black polyester coating as manufactured by TIGER Drylac U.S.A. Inc., ([www.tigerdrylac.com](http://www.tigerdrylac.com)) or an approved equal.
3. Polyester material for powder coating shall meet AAMA 605.2 performance standards.
4. Mechanical Specifications AAMA 605.2
5. Chemical Resistance AAMA 605.2
6. Corrosion Resistance AAMA 605.2

F. Concrete:

The Portland Cement Concrete and curing materials shall conform to M.A.S.S. Section 30.01 General, Article 1.3 Materials. Concrete mix shall conform to M.A.S.S. requirements for Class AA-3, normal weight concrete.

1. All concrete work shall conform to the requirements of ACI 301 and ACI 318. Cement per ASTM C150, type II. Aggregate per ASTM C33. Lightweight aggregate per ASTM C330. Concrete shall be ready mixed in accordance with ASTM C94.

2. Concrete shall be free of chloride. Maximum slump 4 ½” for concrete without plasticizer. If plasticizer is used, an 8” maximum slump is allowed at placement. All mix designs shall be designed by the concrete production facility in accordance with ACI 301 and shall be reviewed by the structural engineer prior to placement. Mechanically vibrate all concrete when placed.

G. Reinforcing Steel:

1. Reinforcing steel shall conform to ASTM A615 (Fy = 60 KSI) deformed bars for all bars #4 and larger. Latest ACI code and detailing manual apply.
2. Accurately place or support all reinforcing, including welded wire fabric, with galvanized metal chairs, spacers or hangers for the following clear concrete coverages:
  - a. Cast against and permanently exposed to earth: 3”
  - b. exposed to earth or weather
  - c. #5 and smaller: 1-1/2”
  - d. All other per latest edition of ACL 318.
3. Lap splices, unless noted otherwise, shall be Class “B” tension lap splices per latest edition of ACI 318.
4. Reinforcing bar spacing given is maximum on centers. All bars per CRSI specifications and handbook. Dowel all vertical reinforcing to foundation with standard 90-degree hooks unless noted otherwise. Skew hooks as required to maintain concrete cover. Securely tie all bars in location before placing concrete.

H. Fabrication:

1. Structural Steel: Fabricate and assemble in shop to the greatest extent possible. Fabricate according to AISC’s “Code of Standard Practice for Steel Buildings and Bridges” and AISC’s “Specification for Structural Steel Buildings-Allowable Stress Design and Plastic Design.” All structural shapes and plates shall be ASTM A36 (Fy=36 KSI). All tube steel shall be ASTM A500, Grade B (Fy=46 KSI). All welding done by E70 series low hydrogen rods unless noted otherwise. For grade 60 reinforcing bars, use E90 series.
  - a. Mark and match-mark materials for field assembly.
  - b. Complete structural-steel assemblies, including welding of units, before starting Finish operations.
2. Holes: Provide holes required for securing decorative screens to columns; column caps to columns; or base plates to footings.
3. Miscellaneous:

- a. Finish exposed surfaces smooth, uniform, sharp, and true to well-defined lines. Provide fabricated product free of warps, kinks, dents, scrapes and other damage or unsightly condition.
  - b. Horizontal elements shall be fabricated perpendicular to vertical elements.
  - c. Round sharp edges to small uniform radius. Grind burrs, jagged edges, and surface defects smooth. Flame cutting is permitted only where indicated.
4. Drypack (non-shrink grout): Drypack shall be 5,000 psi, Five Star, SIKA 212 or equivalent. Install drypack under bearing plates before framing member is installed. At columns, install drypack under baseplates after column has been plumbed but prior to floor or roof installation.
- I. Shop Weld Connections:
- Comply with AWS D1.1 for welding procedure specifications, tolerances, appearance, and quality of welds and for methods used in correcting welding work.
1. Remove backing bars or runoff tabs, back gouge, and grind steel smooth.
  2. Assemble and weld built-up sections by methods that will maintain true alignment of axes without exceeding tolerances of AISC's "Code of Standard Practice for Steel Buildings and Bridges" for mill material.
  3. Prevent weld show-through on exposed steel surfaces.
  4. Grind butt welds flush.
  5. Grind or fill exposed fillet welds to smooth profile. Dress exposed welds.
  6. All welds shall be continuous unless shown otherwise.

### **Article 10.3 Construction**

- A. Examination:
1. Verify locations and elevations of existing footings with steel erector present, for compliance with requirements.
  2. Proceed with installation only after unsatisfactory conditions have been corrected.
- B. Erection:
1. Set structural steel accurately in locations and to elevations indicated and according to AISC's "Code of Standard Practice for Steel Buildings and Bridges" and "Specifications for Structural Steel Buildings – Allowable Stress Design and Plastic Design."
  2. Align and adjust various members forming part of complete frame or structure before permanently fastening. Before assembly, clean bearing surfaces and other surfaces that will be in permanent contact with

members. Perform necessary adjustments to compensate for discrepancies in elevations and alignment.

3. Construct the Trellis Structure to the grades as shown on the Plans. Ensure that the Trellis Structures do not reflect any unevenness of the footings.
4. Install metal fabrications as indicated on the drawings, accurately fitted, free from distortion or defects.
5. Install manufactured products in accordance with manufacturer's recommendations.
6. Obtain Engineers' acceptance prior to site cutting or making adjustments not scheduled.
7. It is the fabricator's responsibility to ensure that measurements as shown on the Drawings match the dimensioning required for field installation within tolerances given.

C. Field Connections:

Field welding is not allowed.

D. Repairs and Protection:

Field repairs will not be allowed. Product must be installed without chips, scratches, dents, bends or any other blemishes or damage.

**Article 10.4 Measurement**

Furnish and Install Trellis Structure will be measured by complete unit in place at the location shown on the Drawings and accepted by the Engineer. A complete unit shall consist of all steel fabrication; powder coated surface, concrete foundation, wood columns, other wood member supports and on-site installation. Furnishing and installing Classified Fill and Backfill (Type II-A) material below the concrete foundation as shown on the Drawings shall be incidental to this pay item and no separate payment shall be made.

**Article 10.5 Basis of Payment**

Payment for this work shall be in accordance with Division 10, Section 10.07 – Measurement and Payment, and shall include full payment for all Work described in this Section.

Payment shall be made under the following unit:

ITEM	UNIT
Trellis Structure	Each

**D. DIVISION 75 STANDARD CONSTRUCTION SPECIFICATIONS FOR LANDSCAPING IMPROVEMENTS**

**SECTION 75.02 LANDSCAPING**

**Article 2.6 Measurement**

*Add the following paragraph:*

Mulch and spreading of mulch used for planting beds and around newly planted trees and shrubs shall be considered incidental to Work described in this Section and shall not be measured for payment. Topsoil backfill used for planting beds and around newly planted trees and shrubs shall be considered incidental to Work described in this Section and shall not be measured for payment. Unusable excavation removed from site for planting beds and around newly planted trees and shrubs shall be considered incidental to Work described in this Section and shall not be measured for payment.

**SECTION 75.16 RESET FENCE**

**Article 16.1 General**

*Add the following sentence:*

Work under this Section shall also include the removal of existing fence materials, posts, and foundations, as indicated on the Drawings, and the proper disposal of material not reset. Work shall also include removing and resetting gates as shown on the Drawings.

**Article 16.3 Construction**

*Add the following paragraph:*

Fence materials to be removed shall be disposed of off-site; or if requested by property owner, shall be neatly stacked on property. Any excavation required in the removal of the fence/gate posts or the foundation shall be considered incidental to this bid item. Contractor shall backfill the excavation with suitable, non-frost-susceptible material and compact it to 80% of maximum density or as directed by the Engineer. Method of foundation abandonment, if necessary and approved, shall be approved by the Engineer, prior to performing Work.

**Article 16.4 Measurement**

*Add the following paragraph:*

Removal and proper disposal of existing fence materials, posts, and foundations shall be measured by length in linear foot without regard to fence type.

**Article 16.5 Basis of Payment**

*Add the following Pay Item:*

ITEM	UNIT
Remove Fence	Linear Foot

**E. DIVISION 85 STANDARD CONSTRUCTION SPECIFICATIONS FOR TRAFFIC CONTROL DEVICES**

**SECTION 85.05 TRAFFIC MAINTENANCE**

**Article 5.5 Materials**

*Add the following items:*

11. Street Sweeping. Street sweeper shall be capable of collecting and storing materials for later disposal rather than ejecting them to the shoulder of the road.
12. Watering. Watering trucks shall be capable of providing both a high-pressure water stream to flush the pavement and a light-water spray to control dust.
13. Plastic Safety Fence. Use 4-foot high construction orange fence manufactured by one of the following companies or an approved equal:
  - “Safety Fence” by Services and Materials Company, Inc., 2200 South “J” Street, Elwood, Indiana, 46036. Phone (800) 428-8185.
  - “Flexible Safety Fencing” by Carsonite, 1301 Hot Springs Road, Carson City, Nevada, 89706. Phone (800) 648-7974.
  - “Warning Barrier Fence” by Plastic Safety Systems, Inc. P.O. Box 20140, Cleveland, Ohio, 44120. Phone (800) 662-6338.

**Article 5.6 Public Notice**

*Delete the first paragraph, inclusive of the list of local officials and transportation organizations, and replace with the following:*

*The following contact information is provided as a courtesy to the Contractor and is the most currently available.*

The Work Site Traffic Supervisor shall give notices of changes, delays, or lane/road closures to the following local officials and transportation organizations including, but not limited to:

1. Alaska Court System ..... 264-8232
2. Alaska State Troopers ..... 428-7200
3. Alaska Travel Industry Association..... 929-2842
4. Alaska Trucking Association..... 276-1149
5. Anchorage Chamber of Commerce..... 272-2401
6. Anchorage Fire Department ..... 267-4950
7. Anchorage Police Department..... 786-8500
8. Anchorage Public Transportation ..... 343-8253, 343-8386
9. ASD Pupil Transportation ..... 742-1207
10. Commercial Vehicle Enforcement ..... 365-1203

- 11. Local Emergency Medical Services..... 267-4950
- 12. Local Schools and Universities..... Varies
- 13. Local Solid Waste Utilities ..... Varies
- 14. Major Tour Operators ..... Varies
- 15. MOA Parks and Recreation ..... 343-4355
- 16. U.S. Postal Service..... 266-3261

**CONTRACT PERFORMANCE AND PAYMENT BOND**

# CONTRACT PERFORMANCE AND PAYMENT BOND

KNOW ALL MEN BY THESE PRESENTS, That we \_\_\_\_\_  
\_\_\_\_\_ of \_\_\_\_\_  
as Principal, and \_\_\_\_\_  
a corporation organized under the laws of the \_\_\_\_\_  
\_\_\_\_\_ and authorized to transact surety business in the State of Alaska,  
of \_\_\_\_\_  
as Surety, are held and firmly bound unto the MUNICIPALITY OF ANCHORAGE, as Obligee, in the full and  
just sum of \_\_\_\_\_  
(\$ \_\_\_\_\_) Dollars, lawful money of the UNITED STATES, for the payment  
which, well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and  
assigns, jointly and severally, firmly by these presents.

THE CONDITIONS OF THIS OBLIGATION IS SUCH, that whereas the principal has entered into a certain  
contract dated the \_\_\_\_\_ date of \_\_\_\_\_ 20 \_\_\_\_\_, with the Obligee for the  
construction of \_\_\_\_\_  
\_\_\_\_\_

which contract is hereby referred to and made a part hereof as fully and to the same extent as if copied at  
length herein.

NOW THEREFORE, if the Principal shall well and truly perform and fulfill all the undertakings, covenants,  
terms, conditions, and agreements of said contract, and shall promptly make payments to all persons  
supplying labor and material in the prosecution of the work provided for in said contract, during the original  
term of said contract and any extensions of modifications thereof that may be granted by the Municipality, with  
or without notice to the Surety, then this obligation to be void; otherwise to remain in full force and effect.

This obligation is made for the use of said Obligee and also for use and benefit of all persons who may perform  
any work or labor or furnish any material in the execution of said Contract and may be sued on thereby in the  
name of said Obligee.

This said Surety, for the value received, hereby stipulates and agrees that no change, extension of time,  
alteration or addition to the terms of the contract or to the work to be performed thereunder or the  
specifications accompanying the same, shall in anywise affect its obligations on this bond, and it does hereby  
waive notice of any such change, extension of time, alteration or addition to the terms of the contract or to the  
work or to the specifications.

Whenever Principal shall be, and declared by Obligee to be in default under the Contract the Obligee having performed Obligee's obligations thereunder, the Surety may promptly remedy the default or shall promptly:

1. Complete the Contract in accordance with its terms and conditions, or
2. Obtain a bid or bids for submission to Obligee for completing the Contract in accordance with its terms and conditions and upon determination by Surety of the lowest responsible bidder, or, if the Obligee elects, upon determination by Obligee and the Surety jointly of the lowest responsible bidder, arrange for a contract between such bidder and Obligee and make available as Work progresses (even though there should be a default or a succession of defaults under the contract or contracts of completion arranged under this paragraph) sufficient funds to pay the cost of completion less the balance of the contract price but not exceeding, including other costs and damages for which the Surety may be liable hereunder the amount set forth in the first paragraph hereof. The term "balance of the contract price" as used in this paragraph, shall mean the total amount payable by Obligee to Principal under the Contract and any amendments thereto, less the amount properly paid by Obligee to Principal.

IN TESTIMONY WHEREOF, the parties hereunto have caused the execution hererof in \_\_\_\_\_  
\_\_\_\_\_ original counterparts as of the \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_\_.

### **COMPLIANCE WITH LAWS**

The Contractor shall observe and abide by all applicable laws, regulations, ordinances and other rules of the State of Alaska and/or any political subdivisions thereof, or any other duly constituted public authority wherein work is done or services performed, and further agrees to indemnify and save the Municipality of Anchorage harmless from any and all liability or penalty which may be imposed or asserted by reason of the Contractor's failure or alleged failure to observe and abide thereby.

(Remainder of Page Initially left Blank)

## INSURANCE

By submitting a bid, the bidder agrees, if they are the successful bidder, to obtain and maintain the insurance required by this section. The bidder also agrees to provide the Municipality a copy of their Certificate of Liability Insurance prior to signing the contract and prior to commencement of any work under this contract.

**GENERAL:** The Contractor will not allow any subcontractor to commence work until the subcontractor has obtained insurance as listed in this section. The contractor and each subcontractor shall maintain this insurance throughout the life of this contract, including any maintenance and/or guarantee/warranty period. The contractor shall obtain separate insurance certificates for each contract.

**ADDITIONAL INSURED:** The Municipality of Anchorage shall be listed as an additional insured on all General and Auto Liability policies required by this contract. All policies shall contain a waiver of subrogation against the Municipality, except Professional Liability. All policies shall remain in effect during the life of the contract. The Contractors insurance certificate shall also indicate the Municipality of Anchorage as a certificate holder of the policy.

**WORKERS COMPENSATION:** The Contractor shall purchase and maintain during the life of this contract, workers compensation insurance for all employees who will work on this project and, if any work is sublet, the Contractor shall require the subcontractor similarly to provide such insurance. Employers' Liability with a minimum limit of \$500,000 shall be maintained and Workers Compensation with minimum limits as required by Alaska State Workers Compensation Statutes. The policy shall contain a waiver of subrogation against the Municipality.

**NOTICE TO "OUT-OF-STATE" CONTRACTORS WORKING IN ALASKA:** The Contractor shall provide evidence of Workers Compensation insurance, either State of Alaska Workers Compensation coverage or an endorsement to the Contractor's home state Workers Compensation policy, evidencing coverage for "other states" including Alaska, prior to execution of a contract or, if approved, before commencement of contract performance in Alaska.

**GENERAL LIABILITY:** The Contractor shall purchase and maintain, in force, during the life of this contract such general liability insurance as shall protect the Owner and the Contractor against losses which may result from claims for damages for bodily injury, including accidental death, as well as from claims for property damages which may arise from any operations under this contract whether such operations be those of the Contractor, a subcontractor or anyone directly or indirectly employed by either of them.

<b><u>Commercial General Liability</u></b>	<b><u>Minimum Limits</u></b>
Products/Completed Operations	\$2,000,000
Personal & Advertising Injury	\$1,000,000
Each Occurrence	\$1,000,000
General Aggregate	\$2,000,000
Medical Payments	\$5,000
<b><u>Commercial Auto Liability</u></b>	<b><u>Minimum Limits</u></b>
Combined single limit (Bodily Injury and Property Damage)	\$1,000,000
Including all owned, hired, and non-owned	
<b><u>Workers Compensation and Employers Liability</u></b>	<b><u>Minimum Limits</u></b>
Per Alaska statute	\$500,000
<b><u>Errors and Omissions</u></b>	<b><u>Minimum Limits</u></b>
Professional Liability (Not required unless limits appear in space provided)	
<b><u>Umbrella Liability</u></b>	<b><u>Minimum Limits</u></b>
(Not required unless limits appear in space provided)	
\$ _____ S.I.R.	

Each insurance policy required by this section shall require the insurer to give advance notice to the MOA/Contract Administrator prior to the cancellation of the policy. IF the insurer does not notify the MOA upon policy cancellation, it shall be the Contractor's responsibility to notify the MOA of such cancellation.

**BID BOND**

**BID BOND**

KNOW ALL MEN BY THESE PRESENTS, That we, \_\_\_\_\_  
as Principal, and \_\_\_\_\_ a  
corporation organized under the laws of the \_\_\_\_\_ and  
authorized to transact surety business in the State of Alaska, of \_\_\_\_\_  
\_\_\_\_\_ as Surety, are held and firmly bound unto the MUNICIPALITY OF  
ANCHORAGE, as Obligee, in the full and just sum of \_\_\_\_\_  
\_\_\_\_\_ (\$ \_\_\_\_\_) Dollars, lawful  
money of the UNITED STATES, for the payment of which sum, well and truly to be made, we bind  
ourselves, our heirs, executors, administrators, successors, and assigns, jointly and severally, firmly  
by the presents.

WHEREAS, the said Principle is herewith submitting its proposal for \_\_\_\_\_  
\_\_\_\_\_.

The condition of this obligation is such that if the aforesaid Principal will, within the time required enter  
into a formal contract and give a good and sufficient bond to secure the performance of the terms and  
conditions of the contract, then this Obligation to be void; otherwise the Principal and Surety will pay  
unto to the Obligee the amount stated above.

Signed, sealed, and delivered \_\_\_\_\_, 20\_\_\_\_\_.

**BIDDER'S CHECKLIST & RESPONSIBLE BIDDER QUESTIONNAIRE**

## **BIDDER'S CHECKLIST**

### **INSTRUCTION TO BIDDER**

#### **I. GENERAL:**

Bidders are advised that notwithstanding any instructions or implications elsewhere in this Invitation to Bid only the documents shown and detailed on this sheet need be submitted with and made part of their bid. Other documents may be required to be submitted after bid time, but prior to award. Bidders are hereby advised that failure to submit the documents shown and detailed on this sheet shall be justification for rendering the bid nonresponsive. Evaluation of bids for responsiveness shall be accomplished in accordance with Anchorage Municipal Code, Title 7.

#### **II. REQUIRED DOCUMENTS FOR BID**

**NOTE:** "Only the following listed items as marked with an "X" are required to be completely filled out and submitted with the bid."

**X** Bid Proposal consisting of four (4) pages numbered BP-1 of 4 through BP-4 of 4. Bid Proposal Page **BP- 2 of 4** must be manually signed.

**X** Erasures or other changes made to the Bid Proposal Sheet must be initialed by the person signing the bid.

**X** Bid Bond, certified check, cashier's check, OR money order shall be submitted with the bid in the amount indicated.

**X** All Addenda issued shall be acknowledged in the space provided on the Bid Proposal sheet or by manually signing the Addenda sheet and submitting it prior to the bid opening in accordance with Anchorage Municipal Code 7.20.020C.

**BIDDER'S CHECKLIST**  
**INSTRUCTION TO BIDDER**

**(CONTINUED)**

**II. REQUIRED DOCUMENTS AFTER BID OPENING**

The following documents are required within **five (5)** working days of notification by the Purchasing Office. Failure, in whole or in part, to submit the documents required below may be grounds to determine the Bidder as non-responsible.

**X** In accordance with AO No. 2019-130 (S), Anchorage Municipal Code 7.20.030 and 7.20.070, Contractor Questionnaire consisting of three (3) Pages, Prime Contractor Form filled out by Prime Contractor **and** all known subcontractors. **Please review AO NO. 2019-130 (S), AMC 7.20.030 and 7.20.070, and the attached Contractor Questionnaire before submitting a bid.**

**X** A copy or the license number of your valid State of Alaska Business License.

**X** A copy or the license number of your State of Alaska Contractor License.

**X** A copy or the license number of your Municipality of Anchorage Contractor License.

**X** A copy of your SAM report (or verification it's ordered) from SAM.gov.

**Municipality of Anchorage  
Contractor Questionnaire**

---

Contractors/Vendors wishing to qualify for award of a bid or proposal offered by the Municipality of Anchorage shall submit this completed form and any supplemental information requested by this form within five days following a request by the Purchasing Officer.

This form is to be filled out by the prime, and subcontractors that perform work "on-site". On-site is defined as the physical place or places where the building or work called for in the contract will remain, and any other site where a significant portion of the building or work is constructed, provided that such site is established specifically for the performance of the contract or project.

Contractor/Vendor Name: \_\_\_\_\_

Owner(s) of Company (if sole proprietorship or partnership): \_\_\_\_\_

---

List all Alaska construction contractor's registration numbers, registration types and expiration dates of the Alaska business licenses held by your company in the past three years:

---

---

Has your company changed names, business license number, or contractor registration number in the past three years?

Yes       No

If "Yes," explain on a separate signed page, including the reason for the change.

Has any owner, partner or (for corporations) officer of your company operated any business offering similar services outlined in the bid or proposal under any other name in the past three years?

Yes       No

If "Yes," explain on a separate signed page, including the reason for the change.

**Certifications & Disclosures**

For these questions & certifications, "company" includes any entity that shares or has shared majority ownership or control with your company. "Determination of violation" includes any citations, orders or recommendations issued to or against the company.

**Debarment**

1. In the last three years has your company been debarred from bidding on, or being awarded, a state or federal project?

Yes       No

**Occupational Safety & Health**

**Note: Only willful violations of state or federal occupational safety and health laws will result in disqualification; disclosure of other violations does not lead to automatic disqualification.**

2. In the last three years has your company been determined to have committed a **willful violation** of state or federal occupational safety and health law? For purposes of this question, a state or federal occupational safety and health law includes laws enforced by the Occupational Safety and Health Administration (OSHA), Alaska Occupational Safety and Health (AKOSH), or another state’s occupational safety and health agency.

Yes       No

3. In the last three years, has the federal Occupational Safety and Health Administration (OSHA), Alaska Occupational Safety and Health (AKOSH), or another state’s occupational safety and health agency, made a determination of violation against your company?

**Note: If you have filed an appeal of a citation and the appropriate appeals board has not yet ruled on your appeal, you need not include information about it.**

Yes       No

If “Yes,” attach a separate signed page describing each citation.

**Wage & Hour**

**Note: Only willful violations of state or federal wage and hour laws will result in disqualification; disclosure of other violations does not lead to automatic disqualification.**

4. In the last three years has your company been determined to have committed a **willful violation** of state or federal wage and hour law?

Yes       No

5. In the last three years has there been a determination of violation of wage and hour laws against your company? Wage and hour violations include failure to pay minimum wages, overtime, or prevailing wages.

Yes       No

If “Yes,” attach a separate signed page describing each violation, identifying the claim by claimant, date, and status/outcome.

**Unemployment Insurance & Workers’ Compensation**

6. In the last three years has there been a determination of violation of unemployment insurance or workers’ compensation requirements against your company?

Yes       No

If “Yes,” attach a separate signed page describing each violation, identifying the claim by claimant, date, and status/outcome.

**Licensing & Registration**

7. If a license or certificate of fitness is required to perform any services provided by your company, has there been a determination of violation of any certificate of fitness requirements against your company in the last three years?

Yes       No

If “Yes,” attach a separate signed page describing each violation, identifying the claim by claimant, date, and status/outcome.

**Subcontracting**

8. I certify that all independent subcontractors engaged by my company meet the definition of an independent contractor under Alaska Statute 23.30.230.

Yes       No

9. I understand that my company is responsible for ensuring that each subcontractor my company uses on the project completes this form and associated documentation. I will submit any disclosures required by Anchorage Municipal Code.

I understand

10. I understand that my company is responsible for providing this form and any associated documentation for each subcontractor hired after award within 30 days of hire, and that the subcontractor may not begin work on the project until such information is provided.

I understand

11. I understand that my company is responsible for ensuring that if any event, such as a violation or loss of coverage, causes the information submitted by the subcontractor to change, the subcontractor shall submit updated certifications or disclosures within 30 days of occurrence to the department contract administrator.

I understand

I declare under penalty of perjury that the foregoing is true and correct.
