INVITATION TO BID

MUNICIPALITY OF ANCHORAGE PURCHASING DEPARTMENT

Invitation to Bid No. 2026C031

Sealed bids will be received in accordance with the time schedule shown below by the Municipality of Anchorage at the Purchasing Department, 632 W. 6th Ave., Suite 520, Anchorage, Alaska 99501, or through Bid Express, for:

Fencing Services

ESTIMATED CONSTRUCTION COST: **Between: \$100,000 - \$500,000**

Site Visit:	N/A
Pre-Bid Conference:	N/A
Questions Due:	12 PM Local Time, June 10, 2026
Bid Opening:	2 PM Local Time, June 23, 2026

All Pre-Bid Conferences and/or Bid Openings may be attended in person or via conference call at this number (907) 343-6089. You may call in five (5) minutes before any scheduled conference. FAXED OR EMAILED BIDS WILL NOT BE ACCEPTED.

ALL QUESTIONS SHALL BE SUBMITTED PRIOR TO THE QUESTION DUE DATE THIS WILL BE THE FINAL OPPORTUNITY TO ASK QUESTIONS OR REQUEST CLARIFICATIONS.

Questions and requests for interpretation or clarification of the bidding Documents shall be made in writing to the Purchasing Office (wwpur@muni.org). Please reference the Invitation to Bid Number & Project Title. Do not contact the specified department directly.

Bid documents are available electronically at the MOA Purchasing Department's web page at [Purchasing](#) and at [BidExpress](#). Addenda will be posted within the solicitation at BidExpress and on the web page.

Electronic bids **will be not be** accepted through Bid Express at this time. The only method for submission is paper bids. Bids will be submitted in a sealed envelope addressed to the MOA Purchasing Department, 632 W. 6th Avenue, Suite 520, Anchorage, AK 99501 and will include the following, clearly and legibly written/typed on the outside of the envelope:

- Bidder's Name (as indicated on Business License), Address, City, State, and Zip Code
- Invitation to Bid #, Invitation to Bid Title and Buyer's Name.

Municipality of Anchorage
ITB: 2026C031

To maintain the project schedule, Interpretations, corrections, or changes to the Bidding Documents shall be made by Addendum and shall not be binding unless included in the Addendum. It is your responsibility to periodically check for addenda posted on BidExpress or the Municipality bidding web site.

At the above indicated time, the bids will be opened publicly and read. Bids shall be submitted to the Municipal Purchasing Department in a sealed envelope prior to the time of opening specified in the Invitation to Bid for opening of the bids to be considered. Late Bids shall not be considered. Time of receipt will be as determined by the time stamp in the Purchasing Office.

The Municipality reserves the right to reject any and all Bids, and to waive any informalities and irregularities in Bidding.

The Municipality shall not be responsible for bid preparation costs, nor for costs, including attorney fees, associated with any (administrative, judicial or otherwise) challenge to the determination of the lowest responsive and responsible bidder and/or award of contract, and/or rejection of bids. By submitting a bid, each bidder agrees to be bound in this respect and waives all claims to such costs and fees.

Unless otherwise stated in the Bidding Documents, the Contract, if awarded, shall be awarded to the responsible Bidder who submits the lowest responsive Bid.

The Municipality of Anchorage assumes no responsibility for any interpretations or presentations made by any of its officers or agents unless such interpretations or presentations are made by written addendum to this Invitation to Bid.

Bonding Requirements are per MASS/MASS B or as per special provisions.

THE MUNICIPALITY OF ANCHORAGE IS AN “EQUAL OPPORTUNITY EMPLOYER”

FENCING SERVICES

SPECIAL PROVISIONS

I. SECTION 95.01 LOCATION AND SCOPE

This contract will provide the Municipality of Anchorage Parks & Recreation Department (PRD) the ability to respond to its fencing needs. Work performed under this contract will be on an “as required” basis. Any work required under this contract will be agreed upon on a project-by-project basis. PRD makes no minimum guarantee as to the amount of work to be performed under this contract. The total yearly contract amount shall not exceed **\$500,000**. **It is the intent of PRD to award two (2) contracts.**

All proposed work is located within the Municipality of Anchorage corporate limits, Girdwood to Eklutna. The successful Contractor shall furnish all labor, materials, supervision, tools, transportation, equipment and other facilities necessary to successfully complete the work set forth in the approved work order.

The Contractor will be called on an “as required” basis to construct new fencing, gates, etc, and/or to perform repairs to existing fencing, gates, etc., and/or a combination of both new work and repair work.

All on-site work performed under this contract is considered construction work. The provisions of the State of Alaska, Department of Labor, Wage & Hour Administration Pamphlet No. 600, is incorporated herein and made a part of hereof, apply to this contract.

At its option, PRD reserves the right to perform similar work, with its own forces or through separate contract, throughout the Municipality. There is no guarantee of the amount of work to be accomplished hereunder and neither PRD nor the Municipality will be held liable to the contractor for any cost except for work performed under the provisions of this contract.

Below are the schedules of Work that are presented in the Bid Proposal of this Contract:

SCHEDULE A – BASE BID WORK

Work under Schedule A consists of furnishing all materials, labor, equipment, transportation, supervision and other incidentals as may be required to construct the work in accordance with an approved work order. All materials furnished in connection with this Schedule shall be new and unused unless specifically approved by the Municipal representative.

Fence

All fence, regardless of height, shall be priced on an installed linear foot basis. Fence material (gauge) shall be as specified in the work order or per M.A.S.S. specifications. Fence price to include any and all apparatuses including, but not limited to, tension wire.

Gates

Gates shall be priced on an installed basis, per linear foot of opening. Price shall include digging and setting the gate per M.A.S.S. specifications. Per gate price shall include any and all apparatuses necessary for installation, including but not limited to, posts, fittings, bracing, hardware, latches, rollers (if required), etc. Barbed wire on gates shall be priced per the barbed wire line item.

Decorative Slats

Decorative slats shall be priced on an installed basis, per square foot. Price shall include any and all apparatuses necessary for installation. Color to be selected from manufacturer's standard colors.

SCHEDULE B – MOBILIZATION/DEMOBILIZATION

Work under Schedule B consists of furnishing all materials, labor, equipment, transportation, supervision and other incidentals as may be required to mobilize and demobilize to areas outside the Anchorage Bowl Area as previously defined and specified herein.

Eagle River/Chugiak/Birchwood/Eklutna

This bid item shall apply to work performed north of the Anchorage Bowl Area boundary to furthest northern boundary of the Municipality of Anchorage corporate limits at Glen Highway Mile Post 23 North of Mirror Lake/Edmonds Lake Park.

The boundaries for the Anchorage Bowl area are generally described as to the Northern most section of Government Hill, to the East from Municipal Power Plant No. 2/Ship Creek Water Treatment Facility at 8670 Glenn Highway southerly along the Fort Richardson/Chugach National Park boundary, to the South as Rabbit Creek Road and to the West as the Point Woronzof Wastewater Treatment Facility.

South of Rabbit Creek Road to Girdwood

This bid item shall apply to work performed south of the Anchorage Bowl Area boundary to furthest southern boundary of the Municipality of Anchorage corporate limits at Seward Highway Mile Post 86 southeast of Girdwood prior to Blueberry Hill.

The boundaries for the Anchorage Bowl area are generally described as to the Northern most section of Government Hill, to the East from Municipal Power Plant No. 2/Ship Creek Water Treatment Facility at 8670 Glenn Highway southerly along the Fort Richardson/Chugach National Park boundary, to the South as Rabbit Creek Road and to the West as the Point Woronzof Wastewater Treatment Facility.

NEW WORK

New work consists of the supply and installation of fencing gates and/or any other apparatuses where none previously existed. The installation of a gate in an existing fenced area shall constitute new work.

There may be instances where preliminary site preparation work may be necessary to accomplish the work. The site might need to be cleared of brush or trees. A fence may need to be cut in order to accommodate a new gate. In those cases where preliminary site preparation work may be necessary, the Contractor shall price the work at the rates established in Schedule A. This hourly rate shall include all labor, materials, equipment, disposal actions and other items or actions necessary to perform the preliminary site preparation work. **This work will be agreed to in advance by the Municipality. Any site preparation work not specifically pre-approved by the Municipality is done at the risk and expense of the Contractor.**

Requests for new work shall include the furnishing of all materials, labor, equipment, transportation, supervision and other incidentals as may be required to construct the required work per the unit prices contained in Schedule A.

REPAIR WORK

Repair work consists of repairs to existing fences and/or gates. Repair work will usually be performed on a time and materials basis. Labor rates for repair work shall be in accordance with Schedule A. The replacement of damaged or undamaged fence will generally be done on a pole-to-pole basis and priced as new work in accordance with the rates established in Schedule A. However, the Municipality may, at its sole discretion, require the damaged fence to be repaired using existing materials. The rates established in Bid Schedule A shall include all site cleanup and disposal actions necessary to leave the work site in a clean and orderly manner. The Contractor shall not be paid for any work order until the site has been cleaned. (Reference M.A.S.S. Section 10.05, Article 5.25, Final Trimming of Work for clean-up standards.)

MOBILIZATION/DEMOBILIZATION

No mobilization/demobilization charges shall apply to any work, new or repair, performed in the Anchorage Bowl area. The boundaries for the Anchorage Bowl area are generally described as to the Northern most section of Government Hill, to the East from Municipal Power Plant No. 2/Ship Creek Water Treatment Facility at 8670 Glenn Highway southerly along the Fort Richardson/Chugach National Park boundary, to the South as Rabbit Creek Road and to the West as the Point Woronzof Wastewater Treatment Facility.

For work to be performed in the Eagle River/Chugiak/Birchwood/Eklutna area, the Contractor will be paid at the mobilization/demobilization rate established in Schedule B, Item B1.

For work to be performed south of Rabbit Creek Road to, and including, Girdwood, the Contractor will be paid at the mobilization/demobilization rate established in Schedule B, Item B2.

The mobilization/demobilization rate shall apply for each day of work performed outside the Anchorage Bowl area as authorized by the approved work order.

II. SECTION 95.02 REFERENCE TO MUNICIPALITY OF ANCHORAGE STANDARD SPECIFICATIONS

This Contract is subject to and hereby incorporates by reference the Municipality of Anchorage Standard Specifications, dated 2024, hereinafter referred to as M.A.S.S.; the 2015 Alaska Sign Design Specifications (ASDS) as adopted and amended by the Municipality; the 2016 Alaska Traffic Manual (ATM); the Manual on Uniform Traffic Control Devices (MUTCD) 2009 Edition; the 2017 National Electrical Safety Code (NESC); the 2020 National Electrical Code as amended and adopted by the Municipality of Anchorage; the most current edition of the American Association of State Highway and Transportation Officials (AASHTO) Specifications for Structural Supports for Highway Signs, Luminaires and Traffic Signals as referenced in the appropriate divisions; and the Public Rights-of-Way Accessibility Guidelines (PROWAG). These references are intended to be complementary, but if conflicts exist between the references listed above, the more stringent requirement shall govern, unless directed otherwise by the Engineer.

III. SECTION 95.04 MODIFICATIONS AND/OR ADDITIONS TO MUNICIPALITY OF ANCHORAGE STANDARD SPECIFICATIONS

The following listed provisions of M.A.S.S. are amended as hereinafter stated:

DIVISION 10 STANDARD GENERAL PROVISIONS

SECTION 10.00 ALL APPLICABLE M.A.S.S. ARTICLES

Delete all references to and requirements for compliance with Anchorage Municipal Code Chapter 7.60 the Disadvantaged/Women Owned Business (DBE/WBE) program and specifications..

SECTION 10.01 DEFINITIONS

Add the following definition:

All references to "Engineer" in the M.A.S.S. documents shall mean the Municipal representative in charge of each work order placed under the contract.

SECTION 10.02 BIDDING REQUIREMENTS AND CONDITIONS

Article 2.3 Preparation and Submission of Bids

Replace the first paragraph with the following:

Bids shall be submitted according to the instructions in the Invitation to Bid.

SECTION 10.03 AWARD AND EXECUTION OF CONTRACT

Article 3.2 Receipt and Opening of Bids

Replace the second paragraph with the following:

Modification of bids already submitted shall be considered if received by the Purchasing Officer prior to the time of bid opening fixed in the Invitation to Bid. Modifications of paper

bids shall not reveal the amount of the original or revised bid. Modifications shall state a plus or minus to the affected bid item.

SECTION 10.04 SCOPE OF WORK

Article 4.4 Estimate of Quantities

Delete the Article in its entirety and replace with the following:

The Municipality does not guarantee any minimum amount of work to be awarded under this contract. The unit prices in the bid schedules shall not be adjusted for any reason without the written consent of the Municipality of Anchorage. The contractor acknowledges by submission of a bid that this is a unit price as-needed type contract and the Municipality is under no obligation to place orders for any services hereunder.

Article 4.5 Increased Quantities

Delete all except the first sentence.

Article 4.6 Decreased Quantities

Delete all except the first sentence.

Article 4.7 Reference Stakes and Surveying

Delete this Article in its entirety and replace with the following:

The Contractor is responsible for any required surveying and/or staking not accomplished by the Municipality.

SECTION 10.05 CONTROL OF WORK

Article 5.2 Prosecution of the Work

In the second sentence, change "...within ten (10) days..." to read "...within three (3) working days..."

Add the following paragraph:

The minimum order amount for any work order issued under this contract is \$250. The Contractor is not obligated to accept any work under this dollar limitation.

Article 5.3 Construction Progress Schedules and Schedule of Values

Delete the Article in its entirety.

Article 5.9 Contractor's Authorized Representatives and Employees

Add the following paragraph:

The Contractor shall assign a Contract Coordinator for this contract. The Contract Coordinator shall be notified of work by telephone or by facsimile from various PRD personnel.

Following notification, and upon request, the Contractor may be required to perform a joint work site review of the proposed project. The joint work site review shall occur within 2 working days of notification by Municipal personnel. If a joint work site review is not performed, the Contractor shall perform their own work site review and provide a cost estimate within 2 working days and at the rates established in Schedule A. The work site review will be for the purposes of identifying the proposed work along with any specific or unique requirements and to provide a cost for the work order.

The work order will have a sequential number assigned by the contractor to all orders requested and/or placed under this contract. Upon initial request for service, the Contract Coordinator will assign a work order number to the project and submit the cost proposal with the work order number included. Whether or not the cost proposal is accepted by the Municipality, no work order number shall be repeated.

Within 1 working day of the joint work site review, the Contract Coordinator shall provide the Municipal representative with a detailed work order for review and approval. The work order shall include a detailed cost breakdown which shall be specific and all inclusive. As a minimum the cost breakdown shall include the work order number, the Municipal representative name and telephone number, general description and location of the scope of work, performance time, and a detailed cost proposal as it relates to the bid schedule(s). The work order cost proposals shall be provided at no cost to the Municipality. Travel time shall not be listed as a separate item on any cost proposal, nor will travel time be added to the labor costs. The mobilization/demobilization charge shall cover travel time outside the Anchorage Bowl Area. Upon acceptance by the Municipal representative, the Contract Coordinator will forward a copy of the approved work to the Purchasing Department.

A total not to exceed amount of each approved work order shall represent the maximum amount due the Contractor for that work order.

Upon approval by the Municipality, the Contractor will schedule and complete the work in accordance with the approved work order. Upon completion of the work, the Contract Coordinator will contact the Municipal representative to inspect the work within 2 working days of project completion.

Most of the projects performed under this contract are anticipated to be under \$150,000 per work order.

All materials supplied and work performed shall be in accordance with M.A.S.S. Section 75.17 and other sections as may be applicable, and the M.A.S.S. Standard Details unless otherwise stated.

Article 5.22 Time for Completion of Work

Delete this Article in its entirety and replace with the following:

The Contract term shall be for a period of one year from the date of Award, with options to extend the Contract for three (3) additional one year periods at the sole discretion of the Municipality. Each order placed under this Contract shall have its own completion date agreed to in advance with the Municipal representative and the Contractor. If a mutually acceptable completion date for an order cannot be agreed upon, the Municipality may accomplish the work by other means. **If the Contractor and Municipality cannot agree upon a completion date and/or cost estimate for any five (5) requested work orders during the contract period, the Municipality may terminate this Contract in accordance with Article 5.29, Termination of Work for Owners Convenience, at no cost to the Municipality of Anchorage.**

Article 5.27 Liquidated Damages

Add the following paragraph:

Liquidated damages shall be assessed in the amount of \$100.00 per calendar day of delay of completion of an approved work order. The liquidated damages provision shall be applicable to each individual work order.

SECTION 10.07 MEASUREMENT AND PAYMENT

Article 7.2 Scope of Payment

Delete the second paragraph in its entirety and replace with the following:

The work order price shall constitute full compensation for furnishing all plant, labor, equipment, materials, supervision and transportation necessary to complete all operations required to complete the work as specified or otherwise directed. The work order price shall also include all costs associated with mobilization, demobilization and security for equipment, materials and any portion of the work completed for each project and no separate payment will be made.

The Contractor shall submit all invoices, in duplicate, to the following address, with an informational copy to the Department and person that initiated the work order:

Municipality of Anchorage
Parks and Recreation Department Attention: Contract Administrator
P. O. Box 196650
Anchorage, AK 99519-6650

A separate invoice shall be sent for each job performed by the Contractor. Combining jobs on a single invoice will likely delay payment. Invoices shall include:

1. Invoice Number
2. Invoice Date
3. Purchase Order Number
4. Name of the Municipal Department requesting the work
5. Unit prices, quantities, extended totals and any discount information and a description of the work completed
6. Signature of Municipal representative accepting the work. Legibly printed name of the Municipal representative and Municipal ID number.

Article 7.3 Advances on Materials

Delete the Article in its entirety.

 - Article 1.2 Payment – General
- II. SECTION 75.17 CHAIN LINK FENCE
 - Article 17.1 General
 - Article 17.2 Materials
 - Article 17.3 Tables
 - Article 17.4 Construction
 - Article 17.5 Measurement
 - Article 17.6 Basis of Payment

SECTION 75.01 GENERAL

Article 1.1 Scope of Work

The Work covered by these Specifications consists of providing all plants, labor, equipment, supplies, material, transportation, handling and storage, and performing all operations in connection with the construction and maintenance of the landscaping improvements as provided for in this Division.

Article 1.2 Payment - General

Payment for all Work (including the Plant Establishment Period) included in this Division shall be paid for in accordance with the Division 10, Section 10.07 - Measurement and Payment, and shall include full payment for all Work described.

SECTION 75.17 CHAIN LINK FENCE

Article 17.1 General

The Work under this Section consists of providing all materials and operations pertaining to construction of chain link fencing.

A. Applicable Standards:

The following applicable standards shall be used:

ASTM A641	Zinc-Coated (Galvanized) Carbon Steel Wire
ASTM A53	Pipe, Steel, Black and Hot Dipped Zinc Coated Welded and Seamless
ASTM A121	Metallic-Coated Carbon Steel Barbed Wire
ASTM A123/AASHTO M111	Zinc (Hot-Dipped Galvanized) Coatings on Iron and Steel Products
ASTM A153/AASHTO M232	Zinc Coating (Hot Dip) on Iron and Steel Hardware
ASTM A227	Steel Wire, Cold-Drawn for Mechanical Springs
ASTM A307	Carbon Steel Bolts, Studs, and Threaded Rod 60,000 PSI Tensile Strength

B. Submittals

- a. Product data

Article 17.2 Materials

Material used in the construction of chain link fencing shall be in accordance with the Standard Details and the requirements of the Chain Link Fence Manufacturers Institute, as described below.

A. General

Posts, gate frames, braces, rails, stretcher bars, and truss rods shall be of steel; reinforcing wires shall be of high carbon steel; and gate hinges, post caps, barbed-wire supporting arms, stretcher bar bands, and other parts shall be of steel, malleable iron or equal except that ties and clips may be of aluminum.

Contractor shall form parts accurately to dimensions. All steel and iron parts shall be zinc coated after fabrication, using zinc grade "E" in accordance with Federal Specifications QQ-Z-351.

The weight of the zinc coating per square foot of actual surface shall average not less than 1.2 ounces and no individual specimen shall weigh less than 1.0 ounce. Zinc-coated surfaces shall be free from imperfectly coated spots, bruised or scaled coating, drops of zinc, sharp projections, and sal ammoniac spots.

Posts, gate frames, rails, and braces shall conform to the dimensions and weights shown in the Dimensions and Weights Table in Article 17.3 – Tables.

B. Fabric

Fencing fabric shall be zinc coated by the hot-dip process after fabrication. The zinc coating shall be commercially uniform. It shall not have less than 1.2 ounces per square foot when tested. Fabric gauge shall be as shown in the Fencing Fabric Size Table in Article 17.3 - Tables.

C. Gates

Gates shall be swing or sliding, single or double, as specified, complete with latches, stops, keepers, hinges, or rollers and roller tracks, and, when so specified, with provisions for three (3) strands of barbed wire above the fabric.

Gate frames shall be constructed of tubular members and shall be constructed in a manner such as to provide a rigid frame and ample strength and shall be free from sag and twist. Where a barbed wire top is specified, the end members of gate frames shall be extended approximately one foot (1') above the top member and arranged for attaching three (3) uniformly spaced strands of barbed wire and furnished with bands or other suitable method for securely attaching the wire. Fabric shall be attached securely to the gate frame at intervals not to exceed fifteen inches (15").

Hinges shall be of heavy pattern, of adequate strength for the gate, and with large bearing surfaces for clamping them in position. The hinges shall not twist or turn under the action of the gate. The gates shall be capable of being opened and closed easily by one person.

Latches, stops and keepers shall be provided for all gates. Latches shall have the plunger-bar arranged to engage the gate stop, except that for single gates with openings less than ten feet (10') wide, a forked latch may be provided. Latches shall be arranged for locking. Center stops shall consist of a device arranged to be set in concrete and to engage the plunger of the bar latch of double gates. No stop is required for single gates. Keepers shall consist of a mechanical device for securing the free end of the gate when in the full open position.

D. Posts

Posts shall be of the lengths specified and shall be tubular, except that line posts may be H-beam. Dimension and weight shall conform to the Dimensions and Weights Table in Article 17.3 – Tables, unless otherwise specified.

E. Post Braces

Post braces shall be provided for each gate, corner, pull, and end post for use with fabric five feet (5') or more in height, and shall consist of a round tubular brace extending to each adjacent post at mid-height of the fabric, and a truss consisting of a rod not less than three-eighths inch (3/8") in nominal diameter from the adjacent post back to the gate, corner, pull, or end post, with a turnbuckle or other equivalent provision for adjustment.

F. Post Tops

Post tops shall consist of ornamental tops or combination tops and barbed-wire supporting arms, as specified. When so specified or when a top rail is to be provided, the top shall be provided with a hole suitable for the through passage of the top rail. The post tops shall fit over the outside of the posts and shall exclude moisture from the tubular posts.

G. Barbed-Wire Supporting Arms

Barbed-wire supporting arms, when specified to be furnished, shall be at an angle of approximately forty-five degrees (45°) and shall be fitted with clips or other means for attached three lines of barbed-wire. The top outside wire shall be approximately twelve inches (12") horizontally from the fence line and the other wires spaced uniformly between the top of the fence fabric and the outside barbed wire.

- H. Top Rails
Top rails shall be round (tubular), shall be in lengths not less than eighteen feet (18'), and shall be fitted with couplings for connecting the lengths into a continuous run. The coupling shall be not less than six inches (6") long, shall provide a substantial connection, and shall allow for expansion and contraction of the rail. Suitable ties or clips shall be provided in sufficient number for attaching the fabric securely to the top rail at intervals not exceeding two feet (2'). Means shall be provided for attaching the top rail to each gate, corner, pull, and end post.
- I. Stretcher Bars
Stretcher bars shall not be less than three-sixteenth inch by three-quarter inch (3/16" x 3/4") and shall be of lengths one inch (1") less than the full height of the fabric with which they are to be used. The stretcher bars shall be arranged for attaching the fabric to all terminal posts by threading through the fabric, by bands, or by other positive mechanical means.
- J. Ties or Clips
Ties or clips of adequate strength shall be provided for attaching the fabric to lineposts.
- K. Fabric Bands
Fabric bands of adequate strength shall be provided for attaching the fabric and stretcher bars to all terminal posts.
- L. Tension Wires
A bottom tension wire shall be provided unless otherwise specified. Top tension wire shall be provided, when so specified, in lieu of a top rail. The tension wires shall be of coiled spring wire not less than seven (7) gage plus or minus 0.005 inch in diameter. Ties or clips shall be provided for attaching each wire to the fabric at intervals not exceeding two feet (2').
- M. Barbed Wire
Barbed wire shall consist of two (2) strands of twelve and one-half (12.5) gauge wire with fourteen (14) gauge four (4) point barbs spaced approximately five inches (5") apart. All wire shall be zinc coated with a minimum coating of 0.80 ounces per square foot of surface area on twelve and one-half (12.5) gauge wire.
- N. Vinyl Clad Fencing
Those components specified to be vinyl-clad or coated shall have a vinyl covering ten to fourteen (10-14) mils in thickness. Fabric is to be nine (9) gauge wire. Products are to be Colorbond II as manufactured by Colorguard Corporation, or approved equal.

Tennis Court	120" through 144"	1-3/4"	11	0.120	

Article 17.4 Construction

A. Grading

All trees, brush and other obstacles which would interfere with the construction of the fence shall be removed and disposed of at a Contractor-provided disposal area and shall be considered incidental to the Contract. The fence shall follow a smooth profile. Throughout the fence length the distance between the ground surface and the bottom tension wire shall not be greater than four inches (4"), nor less than two inches (2"). Where excavation is necessary to meet this requirement, the ground will be graded level not less than one foot (1') on either side of the fence and backslopes of one and one-half to one (1½:1) provided. Where backfill is necessary to meet this requirement, natural surface vegetation will be removed prior to placing fill material. The top of the fill shall be level for one foot (1') on either side of the fence line and the shoulder slopes shall be one-half foot to one foot gradient (½:1'). Grading for all specific conditions shall be such that water will not be allowed to pond in the immediate area of the fence. Where drainage is required across the fence line, the Engineer shall be consulted and channels provided in accordance with his decision.

B. Posts

All posts shall be set in Class B Portland Cement Concrete footings. The tops of the footings shall be level with the ground, shall be crowned to provide drainage and shall be troweled smooth. The dimensions of the footings shall be as shown on the Drawings. The footings shall be allowed to cure for a period of at least seven (7) days before attaching fabric.

The Contractor shall set the posts vertical and of uniform and equal height above the ground with a maximum horizontal spacing of ten feet (10') center. On straight runs, pull posts shall be provided at intervals not to exceed five hundred (500) lineal feet. Changes in line of thirty degrees (30°) or more shall be considered corner posts. Steep slopes and abrupt changes in topography may require changes in various elements of the fence. The chain link fabric shall be stretched taut and securely fastened to end, corner, or gate posts. The top edge of the fabric shall be fastened to the top rail, and the lower edge of the fabric shall be fastened to the bottom tension wire.

- C. **Fabric**
Place fabric on the side specified, stretched taut, and securely fastened to the posts. Fasten fabric to end, gate, corner and pull posts with stretcher bars and fabric bands spaced at intervals of fifteen inches (15") or less. Fastening to line posts shall be with ties or clips at fifteen inch (15") intervals.
Join rolls of wire fabric by weaving a single strand into the ends of the rolls to form a continuous mesh. Horizontal splices are not permitted.
- D. **Top Rail**
Top rails shall pass through the ornamental tops of the line posts, forming a continuous brace from end to end of each stretch of fence. Join lengths of tubular top rail by sleeve couplings. Secure top rails fastened to terminal posts by pressed steel fittings or other appropriate means.
- E. **Tension Wire**
Provide one continuous length of tension wire between pull posts. Apply sufficient tension to avoid excess sag between the posts. Tie or otherwise fasten tension wires to end, gate, corner, or pull posts by methods approved by the Engineer.
- F. **General Appearance**
Runs of fence shall present the same general appearance and the product of one manufacturer only will be accepted, except for items which do not influence the appearance of the completed fence. No used, rerolled, or open-seam steel will be permitted in posts, gate frames, rails or braces.

Article 17.5 Measurement

Chain link fencing will be measured per linear foot, in place, from outside to outside of end or corner posts, except for the space occupied by gates.
Gates will be measured per each, complete in place for a particular size.

Article 17.6 Basis of Payment

Payment for this Work shall be in accordance with Division 10, Section 10.07 - Measurement and Payment, and shall include full payment for all Work described in this Section.
Unit cost payment shall be made on the following basis:

ITEM	UNIT
Chain Link Fence (Include Heights and Gage)Linear Foot
Gate (Type and Size)	Each

CONTRACT PERFORMANCE AND PAYMENT BOND

CONTRACT PERFORMANCE AND PAYMENT BOND

KNOW ALL MEN BY THESE PRESENTS, That we _____
_____ of _____
as Principal, and _____
a corporation organized under the laws of the _____
_____ and authorized to transact surety business in the State of Alaska,
of _____
as Surety, are held and firmly bound unto the MUNICIPALITY OF ANCHORAGE, as Obligee, in the full and
just sum of _____
(\$ _____) Dollars, lawful money of the UNITED STATES, for the payment
which, well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and
assigns, jointly and severally, firmly by these presents.

THE CONDITIONS OF THIS OBLIGATION IS SUCH, that whereas the principal has entered into a certain
contract dated the _____ date of _____ 20 _____, with the Obligee for the
construction of _____

which contract is hereby referred to and made a part hereof as fully and to the same extent as if copied at
length herein.

NOW THEREFORE, if the Principal shall well and truly perform and fulfill all the undertakings, covenants,
terms, conditions, and agreements of said contract, and shall promptly make payments to all persons
supplying labor and material in the prosecution of the work provided for in said contract, during the original
term of said contract and any extensions of modifications thereof that may be granted by the Municipality, with
or without notice to the Surety, then this obligation to be void; otherwise to remain in full force and effect.

This obligation is made for the use of said Obligee and also for use and benefit of all persons who may perform
any work or labor or furnish any material in the execution of said Contract and may be sued on thereby in the
name of said Obligee.

This said Surety, for the value received, hereby stipulates and agrees that no change, extension of time,
alteration or addition to the terms of the contract or to the work to be performed thereunder or the
specifications accompanying the same, shall in anywise affect its obligations on this bond, and it does hereby
waive notice of any such change, extension of time, alteration or addition to the terms of the contract or to the
work or to the specifications.

Whenever Principal shall be, and declared by Obligee to be in default under the Contract the Obligee having performed Obligee's obligations thereunder, the Surety may promptly remedy the default or shall promptly:

1. Complete the Contract in accordance with its terms and conditions, or
2. Obtain a bid or bids for submission to Obligee for completing the Contract in accordance with its terms and conditions and upon determination by Surety of the lowest responsible bidder, or, if the Obligee elects, upon determination by Obligee and the Surety jointly of the lowest responsible bidder, arrange for a contract between such bidder and Obligee and make available as Work progresses (even though there should be a default or a succession of defaults under the contract or contracts of completion arranged under this paragraph) sufficient funds to pay the cost of completion less the balance of the contract price but not exceeding, including other costs and damages for which the Surety may be liable hereunder the amount set forth in the first paragraph hereof. The term "balance of the contract price" as used in this paragraph, shall mean the total amount payable by Obligee to Principal under the Contract and any amendments thereto, less the amount properly paid by Obligee to Principal.

IN TESTIMONY WHEREOF, the parties hereunto have caused the execution hererof in _____
_____ original counterparts as of the _____ day of _____, 20_____.

COMPLIANCE WITH LAWS

The Contractor shall observe and abide by all applicable laws, regulations, ordinances and other rules of the State of Alaska and/or any political subdivisions thereof, or any other duly constituted public authority wherein work is done or services performed, and further agrees to indemnify and save the Municipality of Anchorage harmless from any and all liability or penalty which may be imposed or asserted by reason of the Contractor's failure or alleged failure to observe and abide thereby.

(Remainder of Page Initially left Blank)

INSURANCE

By submitting a bid, the bidder agrees, if they are the successful bidder, to obtain and maintain the insurance required by this section. The bidder also agrees to provide the Municipality a copy of their Certificate of Liability Insurance prior to signing the contract and prior to commencement of any work under this contract.

GENERAL: The Contractor will not allow any subcontractor to commence work until the subcontractor has obtained insurance as listed in this section. The contractor and each subcontractor shall maintain this insurance throughout the life of this contract, including any maintenance and/or guarantee/warranty period. The contractor shall obtain separate insurance certificates for each contract.

ADDITIONAL INSURED: The Municipality of Anchorage shall be listed as an additional insured on all General and Auto Liability policies required by this contract. All policies shall contain a waiver of subrogation against the Municipality, except Professional Liability. All policies shall remain in effect during the life of the contract. The Contractors insurance certificate shall also indicate the Municipality of Anchorage as a certificate holder of the policy.

WORKERS COMPENSATION: The Contractor shall purchase and maintain during the life of this contract, workers compensation insurance for all employees who will work on this project and, if any work is sublet, the Contractor shall require the subcontractor similarly to provide such insurance. Employers' Liability with a minimum limit of \$500,000 shall be maintained and Workers Compensation with minimum limits as required by Alaska State Workers Compensation Statutes. The policy shall contain a waiver of subrogation against the Municipality.

NOTICE TO "OUT-OF-STATE" CONTRACTORS WORKING IN ALASKA: The Contractor shall provide evidence of Workers Compensation insurance, either State of Alaska Workers Compensation coverage or an endorsement to the Contractor's home state Workers Compensation policy, evidencing coverage for "other states" including Alaska, prior to execution of a contract or, if approved, before commencement of contract performance in Alaska.

GENERAL LIABILITY: The Contractor shall purchase and maintain, in force, during the life of this contract such general liability insurance as shall protect the Owner and the Contractor against losses which may result from claims for damages for bodily injury, including accidental death, as well as from claims for property damages which may arise from any operations under this contract whether such operations be those of the Contractor, a subcontractor or anyone directly or indirectly employed by either of them.

<u>Commercial General Liability</u>	<u>Minimum Limits</u>

BIDDER'S CHECKLIST & RESPONSIBLE BIDDER QUESTIONNAIRE

BIDDER'S CHECKLIST

INSTRUCTION TO BIDDER

I. GENERAL:

Bidders are advised that notwithstanding any instructions or implications elsewhere in this Invitation to Bid only the documents shown and detailed on this sheet need be submitted with and made part of their bid. Other documents may be required to be submitted after bid time, but prior to award. Bidders are hereby advised that failure to submit the documents shown and detailed on this sheet shall be justification for rendering the bid nonresponsive. Evaluation of bids for responsiveness shall be accomplished in accordance with Anchorage Municipal Code, Title 7.

II. REQUIRED DOCUMENTS FOR BID

NOTE: "Only the following listed items as marked with an "X" are required to be completely filled out and submitted with the bid."

- Bid Proposal consisting of four (4) pages numbered BP-1 of 4 through BP-4 of 4. Bid Proposal Page **BP-2 of 4** must be manually signed.
- Erasures or other changes made to the Bid Proposal Sheet must be initialed by the person signing the bid.
- Bid Bond, certified check, cashier's check, OR money order shall be submitted with the bid in the amount indicated.
- All Addenda issued shall be acknowledged in the space provided on the Bid Proposal sheet or by manually signing the Addenda sheet and submitting it prior to the bid opening in accordance with Anchorage Municipal Code 7.20.020C.

BIDDER'S CHECKLIST
INSTRUCTION TO BIDDER

(CONTINUED)

II. REQUIRED DOCUMENTS AFTER BID OPENING

The following documents are required within **five (5)** working days of notification by the Purchasing Office. Failure, in whole or in part, to submit the documents required below may be grounds to determine the Bidder as non-responsible.

- In accordance with AO No. 2019-130 (S), Anchorage Municipal Code 7.20.030 and 7.20.070, Contractor Questionnaire consisting of three (3) Pages, Prime Contractor Form filled out by Prime Contractor **and** all known subcontractors. **Please review AO NO. 2019-130 (S), AMC 7.20.030 and 7.20.070, and the attached Contractor Questionnaire before submitting a bid.**

- A copy or the license number of your valid State of Alaska Business License.

- A copy or the license number of your State of Alaska Contractor License.

- A copy or the license number of your Municipality of Anchorage Contractor License.

- A copy of your SAM report (or verification it's ordered) from SAM.gov.

**Municipality of Anchorage
Contractor Questionnaire**

Contractors/Vendors wishing to qualify for award of a bid or proposal offered by the Municipality of Anchorage shall submit this completed form and any supplemental information requested by this form within five days following a request by the Purchasing Officer.

This form is to be filled out by the prime, and subcontractors that perform work "on-site". On-site is defined as the physical place or places where the building or work called for in the contract will remain, and any other site where a significant portion of the building or work is constructed, provided that such site is established specifically for the performance of the contract or project.

Contractor/Vendor Name: _____

Owner(s) of Company (if sole proprietorship or partnership): _____

List all Alaska construction contractor's registration numbers, registration types and expiration dates of the Alaska business licenses held by your company in the past three years:

Has your company changed names, business license number, or contractor registration number in the past three years?

Yes No

If "Yes," explain on a separate signed page, including the reason for the change.

Has any owner, partner or (for corporations) officer of your company operated any business offering similar services outlined in the bid or proposal under any other name in the past three years?

Yes No

If "Yes," explain on a separate signed page, including the reason for the change.

Certifications & Disclosures

For these questions & certifications, "company" includes any entity that shares or has shared majority ownership or control with your company. "Determination of violation" includes any citations, orders or recommendations issued to or against the company.

Debarment

1. In the last three years has your company been debarred from bidding on, or being awarded, a state or federal project?

Yes No

Occupational Safety & Health

Note: Only willful violations of state or federal occupational safety and health laws will result in disqualification; disclosure of other violations does not lead to automatic disqualification.

2. In the last three years has your company been determined to have committed a **willful violation** of state or federal occupational safety and health law? For purposes of this question, a state or federal occupational safety and health law includes laws enforced by the Occupational Safety and Health Administration (OSHA), Alaska Occupational Safety and Health (AKOSH), or another state’s occupational safety and health agency.

Yes No

3. In the last three years, has the federal Occupational Safety and Health Administration (OSHA), Alaska Occupational Safety and Health (AKOSH), or another state’s occupational safety and health agency, made a determination of violation against your company?

Note: If you have filed an appeal of a citation and the appropriate appeals board has not yet ruled on your appeal, you need not include information about it.

Yes No

If “Yes,” attach a separate signed page describing each citation.

Wage & Hour

Note: Only willful violations of state or federal wage and hour laws will result in disqualification; disclosure of other violations does not lead to automatic disqualification.

4. In the last three years has your company been determined to have committed a **willful violation** of state or federal wage and hour law?

Yes No

5. In the last three years has there been a determination of violation of wage and hour laws against your company? Wage and hour violations include failure to pay minimum wages, overtime, or prevailing wages.

Yes No

If “Yes,” attach a separate signed page describing each violation, identifying the claim by claimant, date, and status/outcome.

Unemployment Insurance & Workers’ Compensation

6. In the last three years has there been a determination of violation of unemployment insurance or workers’ compensation requirements against your company?

Yes No

If “Yes,” attach a separate signed page describing each violation, identifying the claim by claimant, date, and status/outcome.

Licensing & Registration

7. If a license or certificate of fitness is required to perform any services provided by your company, has there been a determination of violation of any certificate of fitness requirements against your company in the last three years?

Yes No

If “Yes,” attach a separate signed page describing each violation, identifying the claim by claimant, date, and status/outcome.

Subcontracting

8. I certify that all independent subcontractors engaged by my company meet the definition of an independent contractor under Alaska Statute 23.30.230.

Yes No

9. I understand that my company is responsible for ensuring that each subcontractor my company uses on the project completes this form and associated documentation. I will submit any disclosures required by Anchorage Municipal Code.

I understand

10. I understand that my company is responsible for providing this form and any associated documentation for each subcontractor hired after award within 30 days of hire, and that the subcontractor may not begin work on the project until such information is provided.

I understand

11. I understand that my company is responsible for ensuring that if any event, such as a violation or loss of coverage, causes the information submitted by the subcontractor to change, the subcontractor shall submit updated certifications or disclosures within 30 days of occurrence to the department contract administrator.

I understand

I declare under penalty of perjury that the foregoing is true and correct.
